About Griffith Centers for Children, CHINS UP

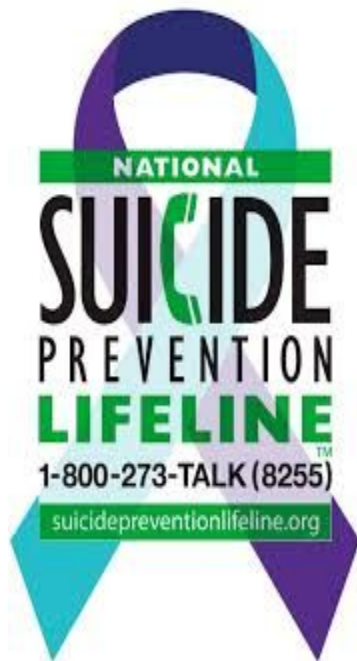

Ninety-one years ago, Griffith Centers for Children CHINS UP was founded by Miss Emily Griffith. She was an educator, visionary and an advocate for children. Her mission was to provide children with an education and the opportunity to become self-supporting. To do this, she established a home where children would find shelter, companionship and sympathetic guidance. Miss Emily's vision was to inspire children to believe in themselves as a way to overcome their problems. This has guided the programs at GCC CHINS UP and continually pushes us forward in providing services for all members of the community.

TODAY

Today, Emily's vision has led Griffith Centers to provide healing and empowerment to children and families across the state of Colorado. We pledge to further our tradition of innovation and state-of-the-art therapies that promise successful healing opportunities for children. We achieve this by providing therapeutic community and residential based programs such as:

- *Outpatient Therapy*
- *Truancy Prevention*
- *TeleBehavioral Health*
- *Residential Facility*
- *Day Treatment*
- *Foster Care*

This year's golf tournament will help raise funds to support troubled children and their families who are receiving services. Our goal for 2018 is to advocate for suicide prevention and awareness.

2018 GCC CHINS UP Golf Tournament

We are happy to announce the 11th annual Griffith Centers for Children, CHINS UP Golf Tournament to benefit troubled children and their families. This event will be held at the Golf Club at Bear Dance on Thursday, June 28, 2018 at 8:00am. Bear Dance Golf Course provides a breathtaking venue with the opportunity to enjoy a true mountain golf experience, while supporting Griffith Centers for Children, Chins Up's mission.

Come and have fun with us!

Purpose for Our Annual Golf Tournament

We hope to increase the community's awareness of Griffith Centers for Children, CHINS UP and its mission to help at risk children in need. Griffith Centers has continually expanded and modified our programs to provide a continuum of care that meets the needs of our clients. As a participant in this tournament, you will change and strengthen the lives of children and families who receive mental health services.

"GCC has provided an opportunity that I didn't have at other places. The therapists work with the individual, not how they were "trained" to work with everyone. My therapist knows I have ADHD so she had a bunch of clothespins and rubber bands so I was able to build something with it while talking. This provides a second chance because they don't look at where the kids come from or how the kids were raised, they look at how the kid acts....they look at where you want to go. If you want to be an engineer, they want to help you be an engineer."
